

# Fire!

1. If possible, initiate a DSC Distress Call with VHF.
2. Get everyone to bring a life preserver on deck.
3. If possible, cut the source of fuel or heat for the fire.
  - a. Shut off Fuel or Gas Shutoff for fuel fed fire
  - b. Shut off breaker or power switch for electric fire
4. If possible, fight the fire with Fire Extinguisher.  
Make sure that the fire is completely out.
5. Use handheld VHF to communicate with authorities.
